## INTRODUCING FORNO'S HYBRID LIVING SOLUTIONS,

# *Evoluto*

### Where Innovation Meets Hybrid Design

Step into the next generation of furniture, with Forno Evoluto: a groundbreaking fusion of cutting-edge technology and elegant design. This innovative collection redefines the way we think about furniture by seamlessly integrating high-performance appliances into stylish, multifunctional pieces.

Gone are the days of choosing between convenience and beauty. With **Evoluto**, you get both. Imagine: a **refrigerated coffee table** that keeps your drinks perfectly chilled, a **dining table with built-in refrigeration** that makes entertaining a breeze, and a **steam closet** that takes garment care to the next level. Each piece in the collection is designed to enhance your lifestyle, bringing both luxury and practicality into your home.

Forno Evoluto is the future of hybrid furniture—where design, technology, and function merge to elevate your living space. Experience the next evolution in home innovation.

# SMART COFFEE TABLE

## KEY FEATURES:

Built-in Dual Fridge Drawers – Perfect for storing beer, wine, fruits, snacks, and more.

Convenient Charging Ports – Equipped with 2x USB ports and 1x Type-C port for easy device charging.

Integrated Universal Dual-Receptacle Power Bar – Two power sockets provide electricity for various appliances.

Seamless LED Touch Control Panel – Built into the tempered glass top for effortless temperature adjustments.

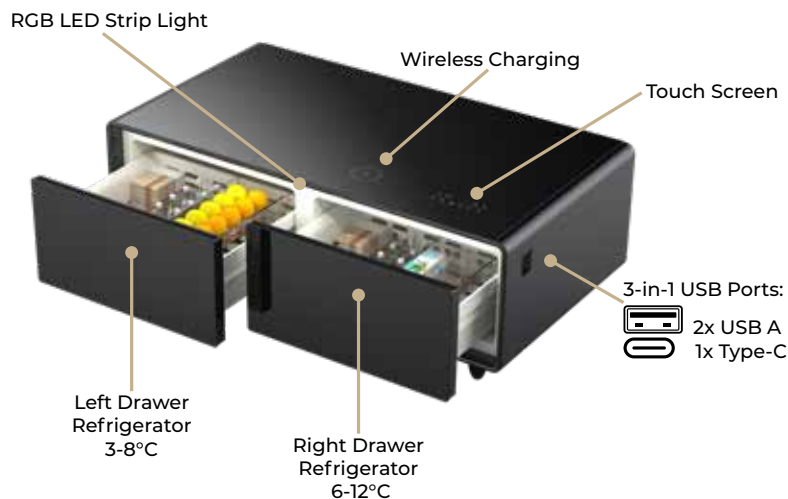

Advanced Bluetooth 5.0 Technology – Offers low energy consumption, a strong stable signal, and fast pairing for seamless connectivity.

Extra Storage Space – A dedicated storage compartment at the back for added convenience.

Available in Wood, Black and white.

*\*\*The drawer lifts out effortlessly for quick cleaning and maintenance, ensuring convenience for daily use.*

## Touch Screen Control at Your Fingertips!

Experience effortless control with the **sleek, modern touch screen interface**. Designed for convenience and style, this intuitive panel lets you **adjust volume, customize lighting, control refrigeration, and even manage EQ settings**—all with a simple touch. Elevate your experience with a seamless, futuristic design that blends innovation with functionality.

## Spectacular RGB Lighting Experience

Enhance your ambiance with a smart RGB light strip, featuring five dynamic lighting modes designed to match any mood—**jazz, rock, film, pop, and auto**. The lights seamlessly sync with your music, creating an immersive atmosphere that sets the perfect vibe for any occasion. Whether you're hosting a party or unwinding after a long day, your smart coffee table brings color and energy to your space.

## Immersive Audio Experience

Feel the power of **deep, dynamic sound** with the **hall bar's premium audio system**. Equipped with two 4-inch heavy bass speakers, it delivers rich, resonant lows, while **two 20mm ball-top tweeters** ensure crisp, crystal-clear high frequencies. Whether you're enjoying your favorite music or setting the mood, this system brings an immersive sound experience to your space.

# SMART DINING & BAR TABLE

**FDTR7044-79 Series**

**Top View**

## KEY FEATURES:

Dual temperature zone freezing and refrigeration, scientifically dividing storage areas.

The temperature range of the left refrigeration zone is 3~12°C, and the temperature range of the right Freezer zone is -23~-16°C.

Freestyle electronic lift, with a load of 50 kilograms, can easily handle any amount of food.

Internal and external dual control, one click lifting, free temperature switching.

360 degree surround atmosphere light, LED warm light to blend happiness.

High quality materials and processes, all aluminum alloy oxidation shelving.

Embedded lifting ice bar is fashionable and versatile, with various forms that can be used as dining tables, tea tables, sideboards, conference tables, island tables, etc.

Available in Black and white.

## Smart Lift Functionality for Every Occasion

Revolutionize your dining experience with our innovative remote lift feature. With a simple touch, effortlessly raise or lower the tabletop to fit your needs—whether you're entertaining, storing food, or setting up for a casual dining experience. This versatile mechanism brings convenience and adaptability, making your dining area more functional and dynamic. Elevate your space with ease and transform any occasion with just one click!

## Effortless Control at Your Fingertips

Enjoy seamless operation with smart, user-friendly controls. Use the wireless remote to effortlessly adjust the lift mechanism, providing easy access with just a press of a button. The LED touchscreen allows you to fine-tune the refrigerator temperature, ensuring your beverages and snacks stay perfectly chilled. Designed for convenience and modern living, this advanced control system enhances your experience with effortless precision.

## 360° Ambient Lighting for an Elevated Experience

Immerse yourself in a breathtaking glow with **360-degree ambient lighting** that enhances your space with warmth and elegance. Designed to create a **sophisticated atmosphere**, this seamless illumination not only elevates aesthetics but also sets the perfect mood for any occasion—whether it's a cozy dinner or a lively gathering.

## Smart Built-in Cooling for Ultimate Dining Convenience

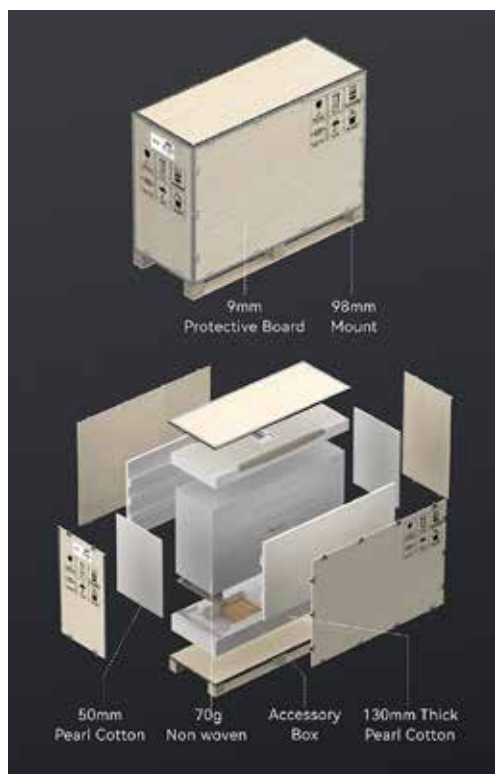

A built-in refrigerator and freezer! Designed to seamlessly integrate 110L of refrigeration space (3-12°C) and a 40L freezer compartment (-23 to -16°C), this innovative feature allows you to keep your beverages chilled and ingredients fresh without ever leaving your seat. Perfect for entertaining guests, hosting family dinners, or simply enhancing convenience in your daily life.

## Smart BAR Table – A Stylish Addition to Your Space!

In addition to our innovative dining table, we also offer a sleek and modern bar table with a built-in refrigerator and freezer! The key difference lies in its compact size, making it perfect for bar areas, lounges, or smaller spaces while maintaining the same advanced cooling functionality as the dining table.

Transform your garment care into a soothing experience with our whisper-quiet, low-noise operating mode. The high-steam self-cleaning system ensures your clothes get the best care while keeping the process seamless and hygienic. Paired with a high-steam self-cleaning system, ensuring your clothes get the best care while keeping the process seamless and hygienic. Enjoy the luxury of peace and quiet, with clothes that feel fresh, clean, and effortlessly ready to wear every time.

# ICE MAKER

FIMFS7352-11 Series

## KEY FEATURES:

Automatically make ice when the quantity is low

720° stereoscopic quick cooling technology

Removable ice catch basket

Simple operation: one-click start with four indicators

Two air inlets on both side for fast heat dissipation

N Climate Class

Not easy to melt; takes 45-50 minutes to reach 50% dilution

Available in Stainless Steel and Black

## Perfectly Crystal-Clear Spherical Ice

Impress your guests and elevate your drinks with crystal-clear ice balls that add a touch of sophistication to every drink. Using advanced technology, each ice sphere takes around 45—50 minutes to reach 50% dilution, chilling your beverages without watering them down. Whether you're serving cocktails or enjoying a neat drink, these ice spheres enhance every sip.

## Effortless Touch Control

Experience effortless convenience with our digital touch panel, designed to simplify ice-making. A single click is all it takes, and four clearly labeled indicators provide real-time status updates. No more waiting in uncertainty – your crystal-clear ice spheres are ready when you are.

## Innovative 720° Stereoscopic Quick Cooling Technology

Say goodbye to long wait times for ice! Unleash the power of fast ice-making with cutting-edge 720° stereoscopic quick cooling technology. Enjoy perfectly sculpted, crystal-clear ice in just 90 minutes after the first cycle. Our advanced cooling system makes sure that your drinks are perfectly chilled, whenever you need them. Whether you're preparing cocktails, neat drinks or serving soft drinks, ensure that you're never left without the ideal ice for your drinks.
