

Premium MultiSINKS from

Everything you need at your fingertips with the **FREEDOM** flexibility provides

Top grade MultiSINK with unique built-in features

- EXTRA Deep 10" Multilevel sink that allows you to place your accessories just where you need them
- Waterfall feature included in the faucet or the sink!
- A transitional, trendy, pro-grade solid stainless steel faucet with its own high-tech features
- Roll-up grids to protect the bottom of the sink, are easy to take out and roll away to clean & store.

But...that is just the beginning...

The MultiSINK comes with a sliding sink for small jobs that you can position exactly where you need it!

... a colander that also works in all the Levels

... and your waterfall faucet just adds another dimension to rinsing !

Include a chopping board and the magic begins !

Now combine it with your sliding sink and colander and you have a Pro-Chopping Station !

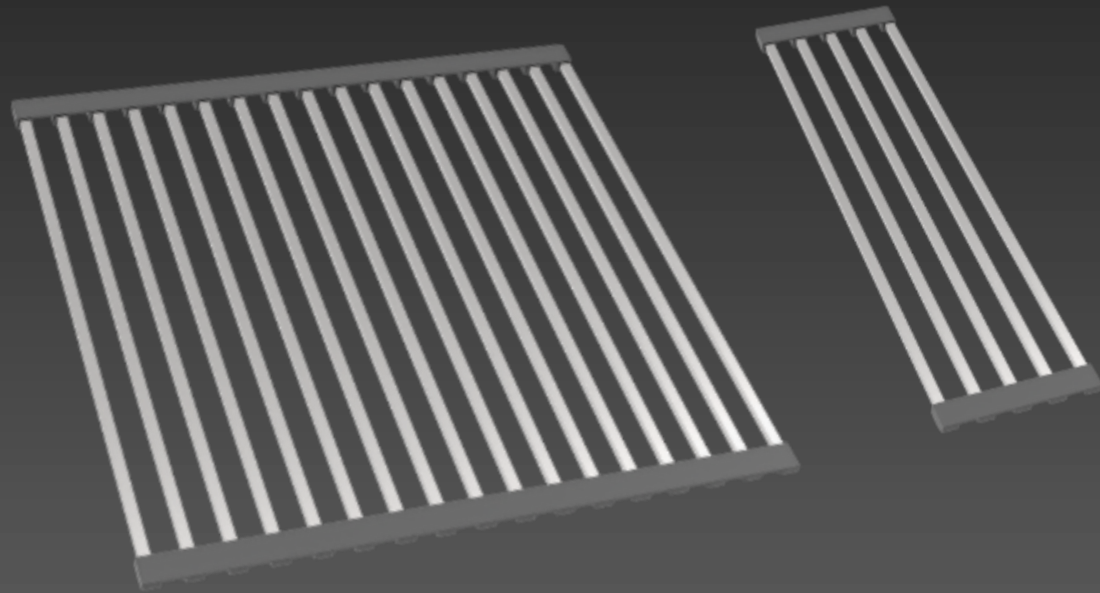

You can place your chopping board where you need it !

... or with a grid, a bowl and your colander and you can go straight from sink to table !

Our Accessories are PRO Grade....

Roll-up Grids come in different and convenient sizes:

* **Made of Stainless Steel Flat Tube**

Their Heavy Duty structure is designed to carry from cast iron pots to glassware

* **Easy Clean Roll-up Bottom Grid**

Now your bottom grid can also be put in the Dishwasher easily

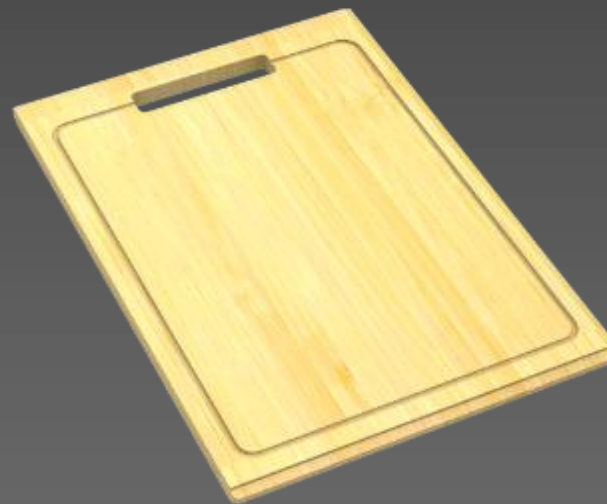

* **Provides High Stability Flat surface**

Glassware is safe and ALL sink bottom can be used!

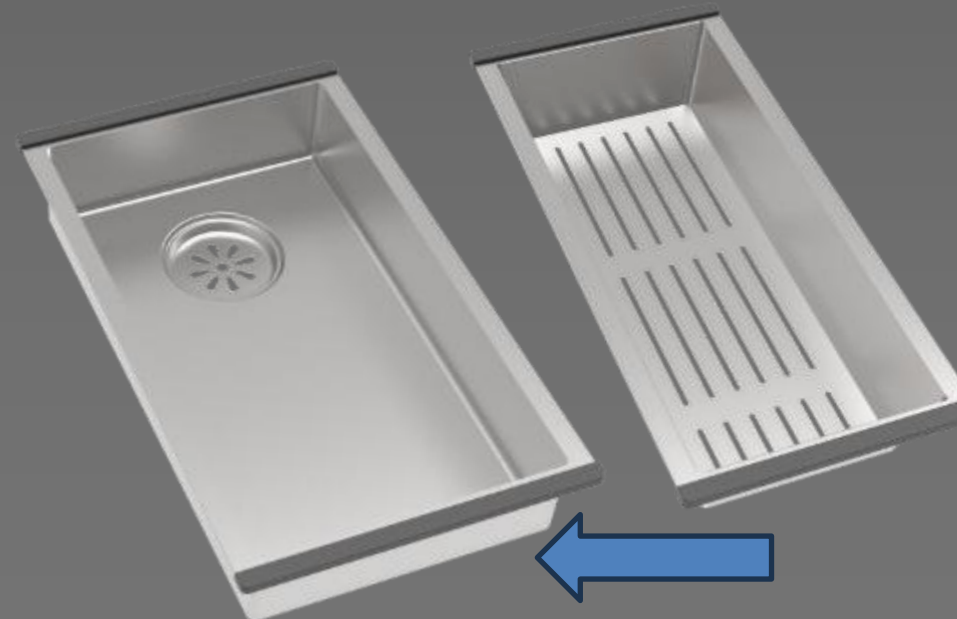

Modern Design Stainless Steel Strainer

- * Higher Volume Basket can collect 20% more waste!
- Durable ALL Metallic and
- Stainless Steel Construction

Double-Sided Chopping Board

- * Made of Eco-friendly bamboo
- * One side allows juices to drip inside sink, the other side can be used in your countertop!

Space Saver Colander & Sliding Sink

- * Colander can be stacked inside sliding sink, so can the rolled grids

There's More !

A Sink Integrated Pivoting **Water *WALL*** feature that allows you to rinse anything right in place!

And extra roll-up grid comes with the unit. It can be used in any position for drying or just as an auxiliary shelf for busy days!

Or a unique Faucet with a Pivoting Waterfall for these functions
